

A Musical Mountain

Imagine you are going to visit a musical mountain where many animals

live. In this mountain, the animals and insects sing in their own different ways.

Can you imagine how each animal or insect sings in the mountain? Now try to make those singing sounds on the piano.

For extra fun, play a game with a family member or teacher to guess which animal or insect is singing.

For a fun challenge, create a piece with 2 or 3 of the following animals or insects.

Snakes

Moose

Birds

Fox

Mountain lions

Owls

Grizzly bears

Eagles

Mountain goats

Crickets
